

## MDYC Medication Guidelines

MDYC carries a medical bag with over the counter (OTC) medications to take care of any non-emergency needs of the chorus members.

This bag contains the following items that you have given us permission to give your child:

Motrin

Tylenol

Midol

Tums

Loratadine (Claritin)

Benadryl

Bandages

The MDYC board has looked at different ways to handle medication distribution with the safety of the members at the top of the list, as it has always been. We have determined that the best way to do this is to have all medications distributed by MDYC board members. This includes all OTC medications.

At camp and on tour your child will be required to turn in all medications. If your child takes prescription or OTC meds on a daily basis, we are asking that you put them in a Ziploc bag and put their name on the front. We ask that all medications are left in the original bottles/packaging when given to us.

In order for us to keep a correct log of all medications given throughout the season we ask that you do not send any OTC meds with your child/children. If they are in need of any medications, we will have them available. If they happen to carry it on them daily and forget to leave it at home, we ask that they do not take any that they have brought with them. Also, we ask that you have a conversation with your child/children that they not share medications with any other member. This can be very dangerous and we want to keep our members safe.

For questions please contact the MDYC board member overseeing medical guidelines, Mandy Bush.

I have read and understand the guidelines regarding prescription and over the counter medications. I agree to comply with the Medication Guidelines form.
